FIJI Water International — Talent Acquisition

Re: Marketing Manager, Dubai

Dubai, 8 July 2026

Dear Hiring Team,

I am applying for the Marketing Manager role in Dubai. Building a premium FMCG brand — protecting its equity while driving visibility, distribution and sell-out — is the work I love, and FIJI Water is exactly the kind of aspirational, quality-led brand I would be proud to grow across the region.

As Brand & Marketing Manager at DoFreeze (Befit, Eurocake, Flair), I lead brand strategy, 360 campaigns and go-to-market across 50+ markets, own A&P allocation to net-sales and P&L targets, and drive trade & shopper plans across modern trade and quick-commerce. I run full-funnel media (Meta, Google, social, EDM) to ROI/ROAS and led 6 NPD launches end-to-end. Earlier, at Alibaba's Miravia, I grew 42 key accounts to +30% GMV QoQ, and my career began in FMCG category planning at Mondelez.

What I add: hands-on UAE market experience across the key retailers and quick-commerce platforms, a premium-brand sensibility (Inditex-trained early on), and an AI-first approach — I build generative-AI (Claude / Claude Code) automation for content and campaign planning that cut manual workload ~40%. I am already in Dubai on a residence visa (no relocation) and work fluently in English and Spanish.

I would welcome the chance to discuss how I can grow FIJI Water across the UAE and wider region. Thank you for your consideration.
