Philips — Talent Acquisition

Re: Key Account Manager (Personal Health) – E-Commerce, Dubai

Dubai, 8 July 2026

Dear Hiring Team,

I am applying for the Key Account Manager (Personal Health) – E-Commerce role in Dubai. The combination in this brief — owning e-retailer relationships while driving digital-shelf and conversion performance — is precisely the work I do today and did at scale at Alibaba's Miravia, and Philips' quality-led Personal Health portfolio is a category I would be proud to grow online.

At Miravia (Alibaba Group) I managed 42 key accounts to +30% GMV QoQ, owning pricing, assortment and promotion strategy and running the Flash Sales channel to P&L targets, reporting directly to the CEO. Now, as Brand & Marketing Manager at DoFreeze, I own digital-shelf execution across the UAE's key e-commerce and quick-commerce retailers — Noon, Talabat, Careem and Deliveroo — plus the Shopify e-store, using weekly scorecards on conversion, ROI and ROAS to drive corrective action and net-sales delivery.

What I add for this mandate: hands-on UAE e-retailer and quick-commerce experience, FMCG category-planning foundations from Mondelez, and an AI-first approach — I build generative-AI (Claude / Claude Code) automation for content, campaign planning and KPI reporting that cut manual workload ~40%. I am already based in Dubai on a residence visa (no relocation) and work fluently in English and Spanish.

I would welcome the opportunity to discuss how I can accelerate Philips' e-commerce growth in Personal Health across the region. Thank you for your consideration.
