Colgate-Palmolive — Talent Acquisition

Re: Ecommerce Manager, Dubai (Job #174114)

Dubai, 5 July 2026

Dear Hiring Team,

I am re-applying for the Ecommerce Manager role in Dubai (Job #174114), now that the position has been reposted — I first applied in June, and the weeks since have only strengthened my conviction that this is the role I am built for. Colgate-Palmolive's products are trusted in more households than any other brand in the world, and the chance to translate that trust into digital-shelf excellence — turning rich content and data into measurable conversion across Oral, Personal, Home and Pet Care — is exactly the challenge I am looking for. I already build this every day in Dubai's FMCG and quick-commerce market.

As Brand & Marketing Manager at DoFreeze (Befit, Eurocake, Flair), I own the Shopify e-store end-to-end and run digital-shelf execution across UAE e-commerce retailers — listings, content, promotions and net-sales delivery — using ROI/ROAS analytics and weekly scorecards to drive conversion and corrective action. Earlier, at Alibaba's Miravia, I managed 42 key accounts to +30% GMV growth QoQ through pricing, assortment and promotion strategy, running the Flash Sales channel to P&L targets and reporting directly to the CEO. That blend of digital commerce strategy, customer alignment and full-funnel execution maps directly to this role's remit.

What sets me apart for a UAE FMCG mandate: hands-on experience across the key e-retailers and quick-commerce platforms in this market — Noon, Talabat, Careem and Deliveroo — plus FMCG category-planning foundations from Mondelez and an AI-first approach (I built generative-AI automation for content, campaign planning and KPI reporting that cut manual workload ~40%). I am already based in Dubai on a UAE residence visa, so there is zero relocation cost or delay, and I work fluently in English and Spanish.

To show rather than tell, I prepared a concept of how I would approach Colgate's digital shelf in the UAE — **"Always Shelf-Ready"** (landingcolgate.vercel.app), with a supporting deck covering the perfect page, search-share dominance, retail media, quick-commerce and one weekly scorecard. I would welcome the chance to walk you through it and discuss how I can accelerate Colgate-Palmolive's digital commerce growth in the region. I am available to start at short notice. Thank you for your consideration.
