### ASUNTO

Ecommerce Manager (174114) — re-applying, with a working concept for Colgate's UAE digital shelf

### CUERPO

Dear [Name],

I saw that the Ecommerce Manager role in Dubai (Job #174114) has been reposted, and I have re-applied — I first applied in June, and everything since has only strengthened my conviction that this is the role I am built for.

I lead Brand & E-Commerce for DoFreeze here in Dubai, where I own the digital shelf end-to-end: product listings, content, pricing and promotions across Noon, Talabat, Careem and Deliveroo, plus a Shopify e-store — all run on a weekly KPI scorecard with ROI/ROAS discipline. Before that, at Alibaba's Miravia, I grew 42 key accounts +30% GMV QoQ and ran the Flash Sales channel to P&L targets, reporting directly to the CEO. I am already in Dubai on a UAE residence visa, so there is no relocation or sponsorship needed.

Rather than just tell you, I built a short concept of how I would approach Colgate's digital shelf in the UAE — "Always Shelf-Ready":

- Live one-pager: <https://landingcolgate.vercel.app>
- Deck attached (perfect pages, search-share dominance, retail media tuned to ROAS, quick-commerce replenishment, one weekly scorecard)

I would love 15 minutes to walk you through it and hear how you are thinking about the role.

Best regards,

Paula De Francisco Pérez

Hi [Name] — Colgate's Ecommerce Manager role in Dubai (174114) was reposted and I've re-applied. I run an FMCG digital shelf here (Noon, Talabat, Careem, Deliveroo) and built a short "Always Shelf-Ready" concept for Colgate. Would love to connect and share it.

## 3 · LinkedIn — InMail / mensaje tras aceptar conexión

Hi [Name],

Thanks for connecting. The Ecommerce Manager role in Dubai (174114) has been reposted and I've re-applied — I first applied in June and remain genuinely excited about it.

Quick context: I lead Brand & E-Commerce for DoFreeze in Dubai — digital shelf across Noon, Talabat, Careem and Deliveroo, a Shopify e-store end-to-end, content that converts and full-funnel media, all on a weekly scorecard. Previously at Alibaba's Miravia I grew 42 key accounts +30% GMV QoQ with direct P&L ownership of Flash Sales. Already Dubai-based, UAE residence visa.

To show rather than tell, I built "Always Shelf-Ready" — a concept for Colgate's UAE digital shelf: <https://landingcolgate.vercel.app> (deck available too)

Would you be open to a quick 15-minute chat, or could you point me to the right person on the hiring side?

Best,  
Paula

##### Versión español

Hola [Nombre], ¡encantada! Soy Paula, también de CUNEF (ADE, 2016–2020). Vi que trabajas en Colgate-Palmolive y justo acaban de republicar la vacante de Ecommerce Manager en Dubái (Job #174114) — yo vivo aquí, llevo el e-commerce de una FMCG local (Noon, Talabat, Careem, Deliveroo) y he vuelto a aplicar.

He preparado incluso un pequeño concepto de digital shelf para Colgate ("Always Shelf-Ready": [landingcolgate.vercel.app](https://landingcolgate.vercel.app)). ¿Te importaría contarme un poco cómo es el proceso por dentro, o si ves natural referirme? Cualquier consejo me vale oro. ¡Mil gracias! 😊

##### English version

Hi [Name], fellow CUNEF alum here (BBA 2016–2020)! I saw you work at Colgate-Palmolive — the Ecommerce Manager role in Dubai (Job #174114) was just reposted, and I've re-applied. I'm based in Dubai running e-commerce for an FMCG brand (Noon, Talabat, Careem, Deliveroo).

I even built a small digital-shelf concept for Colgate ("Always Shelf-Ready": [landingcolgate.vercel.app](https://landingcolgate.vercel.app)). Would you mind sharing how the process works internally, or — if it feels natural — referring me? Any advice would mean a lot. Thank you! 😊

#### 5 • Nota de conexión — Ari Mandelbaum (VP Marketing, 2º grado)

Hi Ari — loved your post on the intern using AI for 75% time savings. I've done the same in FMCG e-commerce here in Dubai (AI automation cutting ~40% of manual work). I've just re-applied to the Ecommerce Manager role (174114) and built a digital-shelf concept for Colgate — would love to connect.
