PROFESSIONAL SUMMARY

E-commerce and digital trading professional with 4+ years across fashion, beauty and marketplace commerce, scoped exactly like this role: owning day-to-day D2C trading, weekly trading plans, launches and promotions, onsite merchandising and conversion, and the commercial performance of a regional (GCC) digital business across D2C and wholesale. Currently own DoFreeze's D2C Shopify store end-to-end (catalogue, UX, collections, search, discounts, checkout) — one of the exact platforms named in this role — lifting conversion (CRO) and average order value through data-led merchandising, and localising content, campaigns and promotions across 50+ GCC/MENA/global markets. Previously ran the Beauty, Fragrances & Fashion category at Alibaba's Miravia marketplace (42 accounts / brand & wholesale partners, +30% GMV QoQ), steering weekly promotions, conversion, traffic and retention. Genuine fashion pedigree — Inditex (Massimo Dutti), Miravia Fashion and Glovo's fashion Retail vertical, with a CUNEF thesis specialised in the Fashion Industry. Already based in Dubai on a UAE residence visa.
