PROFESSIONAL SUMMARY

E-commerce and online-activation specialist with 4+ years driving online sales performance and flawless campaign execution across marketplaces, quick-commerce and DTC in the GCC and Europe. Today at DoFreeze I own day-to-day e-commerce execution across Noon, talabat, Careem and Deliveroo — online shelf, listings, pricing, availability and promo mechanics — and run the brand's Shopify store end-to-end (PDP and conversion). Before that, at Alibaba's Miravia I ran online-shelf execution across 42 beauty and fragrance accounts to +30% GMV QoQ and owned the Flash Sales channel end-to-end (promotions, launches, seasonal events), including onboarding the official distributors of the leading Arabian & oud houses — so I know the GCC beauty market and its localisation needs first-hand. I brief agencies, coordinate distributors and retailers across 50+ markets, and turn e-commerce KPIs (traffic, conversion, sell-out, ROI) into optimisation actions. Already in Dubai on a UAE residence visa; bilingual Spanish/English.

DoFreeze LLC · Global FMCG distributor | Brands: Befit, Eurocake, Flair | 50+ countries · Dubai, UAE

- Own day-to-day e-commerce execution across key online retailers, marketplaces and quick-commerce platforms — Noon, talabat, Careem and Deliveroo — managing online shelf (listings, content, imagery, pricing, availability, ratings & reviews) and promotional mechanics to drive traffic, conversion and sell-out
- Lead digital activation of brand campaigns across e-commerce and retailer-media platforms — coordinating end-to-end rollout of promotions, launches, seasonal events (incl. Ramadan) and always-on activations, and managing campaign calendars aligned to brand, trade and media plans
- Own and optimise the brand's Shopify e-store end-to-end (catalogue, product pages, collections, checkout), lifting discoverability, conversion (CRO) and average order value through data-led merchandising and UX
- Act as the primary e-commerce contact for distributors, retailers and local partners, and brief/follow up with agencies on content creation, media activation and optimisation — ensuring cross-market alignment, local relevance and compliance across 50+ GCC, MENA and international markets
- Track e-commerce KPIs (traffic, conversion, sell-out, share, ROI, ROAS) and produce post-campaign evaluations via an AI (Claude/GPT) reporting system that cuts manual reporting ~40% and turns data into optimisation actions
- Plan and optimise retail media and paid social (Meta & Google Ads) — audience building, creative A/B testing and ROAS analysis — to accelerate online sales across priority markets
