PROFESSIONAL SUMMARY

E-commerce and commercial manager with 4+ years running online operations end-to-end across FMCG, Beauty and Quick-Commerce in Dubai and Europe. At DoFreeze I own a Shopify store end-to-end (catalogue, availability, listings, checkout) and integrate brands into UAE quick-commerce platforms (Noon, Talabat, Careem, Deliveroo) — managing listings, product availability and retail execution — while negotiating pricing, terms and delivery with a distributor network across 50+ markets. At Glovo I led cross-functional teams across marketing, logistics and customer support to keep orders flowing and volume growing. A data-led operator (KPI tracking, forecasting, operational-data analysis, Power BI) with a strong process-improvement mindset — I built AI automation that cut manual workload ~40%. Systems-fluent and quick to ramp on new platforms; comfortable owning workflows and coordinating distributed international teams. Business Administration graduate, fluent English, already based in Dubai.
