PROFESSIONAL SUMMARY

Performance and growth marketer who runs paid social and paid search (Meta Ads + Google Ads) for a D2C/e-commerce business today, with five years across e-commerce, FMCG, beauty and health-adjacent consumer goods. I own the full paid-media loop end-to-end — strategy, budget allocation, audience building, creative A/B testing, bidding and optimisation — and hold it to hard performance targets (ROI, ROAS, CPA, conversion), translating the numbers into clear next steps with a genuine test-and-learn mindset. I manage multiple channels around paid (Shopify D2C store / CRO, social, influencer, EDM) and scale delivery by coordinating creators, agencies and freelancers — so building and leading an in-house team as the function grows is the next step I'm ready for. Remote-capable from Dubai, fluent English (C1). Business Administration graduate (CUNEF).
