PROFESSIONAL SUMMARY

E-commerce and content-operations specialist who builds and maintains conversion-ready product catalogues across marketplaces and quick-commerce platforms. At DoFreeze I own a Shopify store end-to-end — catalogue, categories, images, descriptions and collections — and manage brand listings (SKUs) on Deliveroo, Noon, talabat and Careem, enriching product pages with generative-AI tools. At Alibaba's Miravia I optimised assortment across 42 accounts and onboarded 30+ stores. I work fast and accurately in Excel/Google Sheets across large data sets, with sharp attention to detail and a structured, process-driven approach to content clean-up, standardisation and large-scale partner onboarding. Fluent English, native Spanish; already in Dubai on a UAE residence visa.
