PROFESSIONAL SUMMARY

Performance-minded brand and growth marketer with 4+ years across FMCG, e-commerce and quick-commerce, now running paid media and AI-powered marketing automation from Dubai. I plan and optimise paid campaigns on Meta (Facebook & Instagram) and Google Ads — audience building, creative A/B testing, budget management and continuous ROI/ROAS optimisation — and I turn full-funnel data (traffic, conversion, retention, ROAS) into decisions. My rare edge is being genuinely AI-first: I built a generative-AI system (Claude/GPT) that automates reporting, analysis, brief writing and campaign planning, cutting manual workload ~40% — exactly the lean, automate-everything way of working this team wants. And I know q-commerce from the inside, integrating and growing brands on Talabat, Noon, Careem and Deliveroo today, after running key accounts at Glovo. Business Administration graduate (CUNEF), bilingual (ES native / EN C1), fast-paced and ownership-driven.
