PROFESSIONAL SUMMARY

Digital-first, data-driven brand and growth marketer with 5+ years across high-growth consumer internet, marketplaces and FMCG — Glovo, Alibaba's Miravia, DoFreeze and Mondelez. Currently own brand and growth strategy for a multi-brand portfolio at DoFreeze across 50+ countries, building consumer-insight- and data-led marketing plans, driving category performance and identifying new growth opportunities. I improve the customer journey, conversion, onboarding and repeat usage through testing and continuous optimization, and lead brand campaigns and agency/creator partnerships across digital, CRM, influencer and offline channels. Proven results: +30% GMV growth QoQ across 42 accounts, an influencer programme scaled from zero to 25–50 creators per campaign, and generative-AI automation cutting workload ~40%. Hands-on, bias-for-action, fluent English, already based in Dubai.
