PROFESSIONAL SUMMARY

Creator-partnerships and community-growth marketer with 5+ years across consumer internet, marketplaces and FMCG. My core strength is exactly this role: I built a creator/influencer partnership programme from zero — identifying, recruiting, onboarding, negotiating with and retaining a portfolio of 25–50 creators per campaign (including paid collaborations) — and led community programmes that grew engagement, brand awareness and loyalty. I manage relationships with multiple stakeholders, track engagement/retention metrics, and turn data into creator and channel strategy. Native Spanish speaker and English C1 (a listed advantage for coordinating global creators), ambitious and self-motivated in remote, globally distributed teams, and a fast, tech-forward learner (early adopter of generative AI and new platforms) genuinely excited to bring proven creator expertise into the Web3 and crypto creator economy. Already based in Dubai.
