## PROFESSIONAL SUMMARY

Digital and performance marketer with 4+ years running data-driven, full-funnel campaigns across FMCG, Beauty, Fashion and e-commerce in the GCC and Europe. At DoFreeze (Dubai) I plan, schedule and optimise paid media on Meta (Facebook & Instagram) and Google Ads — audience building, creative A/B testing, paid social and EDM — managing budgets against ROI and ROAS and turning post-campaign data into decisions, supported by an AI-powered (Claude/GPT) reporting and planning system I built. I have analysed conversion, traffic and retention at Alibaba's Miravia, run always-on creator campaigns across Instagram and TikTok, and hold Google Digital Marketing and Google E-Commerce certificates. Consumer-centric, test-and-learn and detail-obsessed across copy and creative; already based in Dubai on a UAE residence visa; bilingual Spanish/English.
