Dear Hiring Manager,

Henkel's strength in Modern Trade and its Perfect Store ambition across the GCC are exactly the kind of channel and shopper challenges I work on every day. As Brand & Marketing Manager at a Dubai-based FMCG distributor operating in 50+ markets, I would welcome the chance to bring that hands-on GCC trade experience to your portfolio.

I build trade and shopper marketing plans by channel and translate them into customer plans with the sales team — the core of this role. At Miravia (Alibaba) I managed 42 key accounts and grew GMV +30% QoQ through pricing, assortment and promotions, and led category expansion as PIC Fragrances, onboarding 30+ stores in two months. At DoFreeze I run A&P budgets to ROI and lead NPD go-to-market end-to-end across six launches.

What sets me apart for the GCC specifically: hands-on integration of brands into UAE modern trade and quick-commerce (Noon, Talabat, Careem, Deliveroo), a category-planning foundation from Mondelez (sell-in/sell-out, promo effectiveness), and the fact that I am already based in Dubai on a UAE residence visa — no relocation or sponsorship needed. I work bilingually in Spanish and English.

I would love to discuss how my GCC trade and shopper experience can support Henkel's category growth and retailer partnerships. I am available for an interview at your convenience and can start immediately. Thank you for your consideration.

Best regards,

Paula De Francisco Pérez
