Dear Hiring Manager,

I was excited to discover Choithrams' Trade Marketing Manager opportunity, particularly given your company's impressive expansion across the UAE market and commitment to delivering exceptional FMCG brands to consumers. As someone who has followed Choithrams' strategic growth in the region, I'm drawn to your focus on distributor excellence and market share leadership in Dubai's competitive retail landscape.

My experience directly aligns with your trade marketing requirements. At DoFreeze, I successfully managed 6 NPD launches end-to-end across 50+ countries, achieving the targeted volume and distribution objectives you've outlined. Previously at Alibaba, I delivered +30% GMV growth QoQ while managing 42 key accounts, demonstrating my ability to drive sell-out performance and sales growth by channel. My hands-on experience with Nielsen data analysis and ROI optimization on trade promotions has consistently resulted in improved shelf share and visibility across multiple markets.

What sets me apart is my deep understanding of UAE's retail ecosystem, having successfully integrated brands into quick-commerce platforms including Noon, Talabat, Careem, and Deliveroo. I'm already based in Dubai with a UAE residence visa, enabling immediate contribution without relocation delays. My bilingual Spanish-English capabilities and experience managing distributor networks across GCC and MENA markets position me uniquely to enhance Choithrams' brand performance and compliance objectives.

I'm enthusiastic about bringing my trade marketing expertise and proven track record to Choithrams' dynamic team. I'm immediately available for an interview and would welcome the opportunity to discuss how my experience in driving brand growth and distributor performance can contribute to your continued market leadership. Thank you for considering my application.

Best regards,

Paula De Francisco Pérez
