NARRATIVE ANSWERS

Q: Why are you interested in this role?

I'm excited about Toy Station's focus on scaling e-commerce across multiple marketplaces, especially with your emphasis on optimizing conversion rates and launching new sales channels. Having successfully integrated brands into UAE quick-commerce platforms like Noon and managed cross-functional coordination for 6 NPD launches across 50+ countries, I'm drawn to the opportunity to drive revenue growth in the retail/toy sector. Your hybrid work model and performance-based bonus structure also align perfectly with my results-driven approach.

Q: What makes you a good fit?

My hands-on experience managing UAE marketplaces (Noon, Talabat, Careem, Deliveroo) and driving +30% GMV growth QoQ across 42 key accounts directly translates to your marketplace management needs. I've successfully

launched 6 NPD campaigns end-to-end with cross-functional coordination between marketing, procurement, and operations teams. My analytical approach to performance tracking and promotional campaign execution, combined with my experience scaling digital channels from zero to 25-50 creators per campaign, positions me well to optimize your conversion rates and expand your marketplace presence.

Q: Describe your greatest professional achievement

At Alibaba (Miravia/AliExpress), I achieved +30% GMV growth quarter-over-quarter while managing 42 key accounts across Beauty & Fragrances categories. This involved optimizing product content, managing promotional campaigns, and coordinating with multiple stakeholders to drive performance across international markets. The success was driven by data-driven decision making, strategic account prioritization, and continuous optimization of conversion funnels across different marketplace platforms.

Q: What are your salary expectations?

22,000 - 28,000 AED per month

Q: When can you start?

Available to start within 30 days

ADDITIONAL Q&A

Q: How did you hear about this position?

A: I found this opportunity through Indeed while actively searching for e-commerce management roles in Dubai's retail sector. The role immediately caught my attention due to Toy Station's focus on marketplace optimization and revenue growth.

Q: Are you legally authorized to work in the UAE?

A: Yes, I am legally authorized to work in the UAE and currently hold a valid UAE residence visa.

Q: Do you require visa sponsorship now or in the future?

A: No, I do not require visa sponsorship. I already hold a UAE residence visa and am legally authorized to work in the Emirates.

Q: Do you have experience in this industry?

A: Yes, I have extensive e-commerce experience managing marketplace channels and driving revenue growth. At Alibaba, I managed 42 key accounts achieving +30% GMV growth QoQ, and I've successfully integrated brands into UAE marketplaces including Noon. My experience spans promotional campaigns, conversion optimization, and cross-functional coordination.

Q: What experience do you have with marketplace advertising and PPC?

A: I have hands-on experience managing promotional campaigns and performance optimization across multiple marketplace platforms including Noon, Talabat, Careem, and Deliveroo. At Alibaba, I coordinated advertising strategies that contributed to +30% GMV growth across 42 accounts, focusing on conversion rate optimization and strategic campaign execution.

Q: How do you approach inventory management and stock level optimization?

A: I take a data-driven approach to inventory management, having coordinated with procurement and operations teams for 6 NPD launches across 50+ countries. I focus on analyzing sales performance against stock levels,

coordinating seasonal campaigns with inventory planning, and maintaining optimal stock-to-sales ratios to maximize revenue while minimizing holding costs.

Q: Describe your experience with cross-functional team coordination.

A: I have extensive experience coordinating with marketing, procurement, warehouse, and operations teams. At DoFreeze, I successfully launched 6 NPD campaigns end-to-end requiring seamless coordination across multiple departments and international markets. I've also managed influencer programmes scaling from zero to 25-50 creators per campaign, requiring coordination with content, legal, and finance teams.

Q: What is your approach to conversion rate optimization?

A: My approach combines analytical insights with strategic content optimization. I focus on optimizing product descriptions, pricing strategies, and user experience based on performance data. Having achieved +30% GMV growth QoQ, I prioritize A/B testing promotional strategies, analyzing customer behavior patterns, and continuously refining product positioning to maximize conversion rates across different marketplace platforms.
