

13 September 2026

Dear Hiring Manager,

I would like to join Sporty's talent community for Marketing & Communications. I have spent my career marketing consumer platforms and brands where results are counted in orders and users, not impressions, and Sporty's mix of scale, speed and ownership is the environment where I do my best work.

Today I run brand and marketing for DoFreeze, a UAE FMCG group selling in more than 50 markets. I measure campaigns against a control, not on reach: a SMASH x talabat creator campaign lifted daily sales by 165% while a control brand grew 4.7%, and Befit x Noon "New Year, New Me" added 4,176 incremental units (+31% vs baseline). I built the influencer programme from zero, with 103 creator activations at AED 81 per content piece, and I run Meta and Google Ads with creative A/B testing. I lead a team of two, a designer and a social media executive, and manage four agencies. To move faster, I built a generative-AI system with Claude for planning, content and reporting that cut our manual work by around 40%.

Before that I worked inside two high-growth consumer platforms. At Glovo I grew XL partners such as KFC and Taco Bell with in-app promotions and helped build the Retail vertical. At Alibaba's Miravia marketplace I grew 42 brand accounts by +30% GMV quarter on quarter, owned the Flash Sales channel reporting to the CEO and created community projects to drive loyalty. Both taught me to read the numbers weekly and adjust quickly. I am a native Spanish speaker with professional English, which could add value alongside your Real Madrid and LaLiga partnerships and your teams in South America.

I am happy to work remote-first with teams across time zones and would welcome a conversation when a marketing, growth or partnerships role opens up. Thank you for your consideration.

Best regards,

Paula De Francisco Pérez
