Dear Tatiana Massaad,

I'm writing to apply for the Account Manager role on The Dubai Mall Online team. Building a high-growth marketplace from the ground up alongside the world's most recognised fashion and sports brands is exactly the work I love — and exactly what I do today, onboarding and scaling brands on noon and the UAE's quick-commerce platforms from my current role here in Dubai.

At Miravia (Alibaba Group) I managed 42 key brand accounts across fashion, beauty and fragrances as their primary point of contact, growing GMV +30% QoQ through assortment optimisation, pricing and promotions, and onboarding 30+ new brands in two months. At Glovo I helped build the Retail vertical from scratch, onboarding fashion and lifestyle brands onto the marketplace. Today at DoFreeze I run the digital shelf across noon, Talabat, Careem and Deliveroo — managing listings, content quality, pricing and campaigns — so I already know your platform from the brand-partner side.

Two things set me apart here: I've already onboarded and grown brands directly on noon, so I'd be productive from week one; and my career began on the Inditex retail floor (Massimo Dutti), giving me genuine fashion-retail instinct to pair with marketplace analytics and business reviews. I'm already based in Dubai on a residence visa — no sponsorship needed, immediate start — and bilingual Spanish/English (C1), useful for European brands expanding into the GCC.

I'd welcome the chance to show how I'd grow noon's fashion and sports brand partnerships. I'm available to start immediately and would love to discuss the role — you can reach me at +971 50 386 3656 or paulich98@hotmail.com. Thank you for your consideration.

Best regards,

Paula De Francisco Pérez
