PROFESSIONAL SUMMARY

Brand and campaign marketer with 4+ years across FMCG, marketplaces and quick-commerce in the GCC, who builds brand affinity and runs integrated 360 campaigns — seasonal, tactical and brand — end-to-end, from strategy and planning to online + offline execution. Currently lead Brand & Marketing at DoFreeze in Dubai: I own 360 campaigns across paid social, influencer, CRM/EDM, activations and in-store, run FMCG and retail co-marketing, direct creative agencies, production houses and 25–50 creators per campaign, and own the A&P budget while tracking ROI, ROAS and conversion against targets. Quick-commerce native — I integrate brands into Noon, talabat, Careem and Deliveroo today and came up through Glovo, a q-commerce marketplace. Data-driven, AI-native, and already in Dubai on a residence visa.

WORK EXPERIENCE

Brand & Marketing Manager

Oct 2025 – Present

DoFreeze LLC • Global FMCG distributor | Brands: Befit, Eurocake, Flair | 50+ countries • Dubai, UAE

- Lead integrated 360 campaigns end-to-end — seasonal, tactical and brand — from strategy and planning through online + offline execution, building brand affinity and keeping the brands top-of-mind across the UAE and 50+ GCC/MENA markets
- Run quick-commerce end-to-end, integrating brands into the UAE's q-commerce platforms — Noon, talabat, Careem and Deliveroo — owning onboarding, listings, promotional mechanics and retail execution to drive conversion, repeat orders and sell-out
- Design FMCG and retail co-marketing initiatives with brands, distributors and modern-trade partners — joint promotions, sampling/seeding and activations that lift reach and sell-through for both sides
- Align online and offline: sync activations, launches and in-store with the digital, social and influencer roadmap (25–50 creators per campaign), directing creative agencies and production houses to a high standard on time and on budget
- Bridge Commercial, Creative and CRM/EDM — translating each campaign into targeted in-app, push and promo briefs that drive repeat orders and retention on quick-commerce
- Own the A&P budget and track localized spend and campaign impact (ROI, ROAS, conversion) against business targets, using an AI (Claude/GPT) reporting system that cuts manual workload ~40% and speeds quick-turnaround decisions

Miravia / AliExpress (Alibaba Group) • Top 5 global e-commerce marketplace & consumer app | 100K+ employees • Madrid, Spain

- Ran co-marketing with 42 brand accounts — joint promotions, assortment and pricing plays — growing +30% GMV QoQ and reporting the Flash Sales channel directly to the CEO
- Onboarded 30+ brands in two months as category lead, using trend-driven products and cultural moments to drive discovery, conversion and repeat purchase on a consumer app used by millions

- Analysed campaign performance (conversion, traffic, retention, ROI) to sharpen creative and commercial decisions and improve forecasting accuracy
