PROFESSIONAL SUMMARY

Data-driven e-commerce and D2C professional with 4+ years across Beauty, FMCG and marketplace commerce, scoped exactly like this role: full ownership of a direct-to-consumer business — strategy, P&L and profitable growth — with a trading/animation calendar that drives traffic through search, paid media and CRM. Currently own DoFreeze's D2C Shopify store end-to-end (catalogue, UX, content, merchandising, checkout), lifting conversion (CRO) and average order value, while planning and optimising Meta and Google paid media against ROI/ROAS. Previously owned the Beauty & Fragrances category at Alibaba's Miravia (42 accounts, +30% GMV QoQ), steering conversion, traffic, retention and loyalty. Fluent in commercial KPIs, first-party data and CRM/EDM to acquire, retain and grow customer lifetime value. Business Administration graduate (CUNEF, 9.5/10 thesis, E-Commerce specialisation), already based in Dubai on a residence visa.
