PROFESSIONAL SUMMARY

Performance-focused marketer with 4+ years across E-Commerce, Beauty and FMCG who builds and optimises paid-media growth engines. At DoFreeze I run full-funnel performance marketing on Meta Ads (Facebook & Instagram) and Google Ads — audience building, retargeting, creative A/B testing, budget and spend allocation, ROI/ROAS optimisation — and own a Shopify store I optimise for conversion (CRO), closing the loop from click to purchase. I built an AI-powered automation system (Claude/generative AI) that scales campaign planning, creative and reporting. At Alibaba's Miravia I analysed ROI, ROAS, conversion and retention across 42 accounts to grow GMV +30% QoQ, reporting commercial narratives to senior leadership. Commercially grounded, analytical and fast in test-and-learn cycles, comfortable owning budgets against measurable outcomes.
