PROFESSIONAL SUMMARY

E-commerce and digital-trading professional with ~5 years across FMCG, Beauty, Fashion and E-Commerce whose day-to-day is exactly this role: keeping assortment, content, pricing and promotions accurate, commercially presented and ready to trade across owned platforms and third-party marketplaces. At DoFreeze I own the brand's Shopify store end-to-end — catalogue, collections, product presentation and discoverability, product content, discounts and checkout — lifting conversion (CRO) and average order value, and I have integrated brands into Noon, Talabat, Careem and Deliveroo (onboarding, listings, content, promo mechanics, availability and retail execution). At Alibaba's Miravia I ran digital trading across 42 accounts — assortment, pricing and promotions, analysing conversion, traffic and retention — to grow GMV +30% QoQ, and my career began on the Inditex (Massimo Dutti) shop floor with its visual-merchandising and product-presentation discipline. Strong Microsoft Excel with BI tooling (Power BI, Tableau, Looker), detail-obsessed with product, pricing and promotional data, fluent in English and based in Dubai, working across the GCC.
