PROFESSIONAL SUMMARY

Brand marketing and campaign-delivery manager with 4+ years across beauty, fragrances, fashion, FMCG and e-commerce, now leading Brand & Marketing for a multi-market FMCG house in Dubai. I turn brand strategy into launch plans, campaign timelines and on-brand execution: I run product launches end-to-end (brief, storytelling, packaging, pricing, go-to-market), deliver multi-channel campaigns across retail, e-commerce, social, influencer, PR/gifting and events, and keep every project on time and on brand through disciplined project management — launch calendars, trackers, briefs and approvals across 50+ markets. My beauty & fragrances grounding comes from Alibaba's Miravia, where I managed 42 beauty, fragrance and fashion accounts (+30% GMV QoQ) and built the 'Beauty Club' and 'Hot on Social' programmes that positioned the platform as a beauty & lifestyle destination. I coordinate agencies, vendors and cross-functional teams, scale influencer/UGC and gifting/seeding, partner with e-commerce on the customer journey, and build the AI-powered playbooks, decks and landing pages that let a small, fast-moving team punch far above its size. Business Administration graduate (CUNEF), based in Dubai.

WORK EXPERIENCE

Brand & Marketing Manager

Oct 2025 – Present

DoFreeze LLC · Multi-market FMCG house | Brands: Befit, Eurocake, Flair | 50+ countries · Dubai, UAE

- Translate brand strategy into launch plans, campaign timelines and channel-specific deliverables — owning end-to-end coordination of 6 product launches (brief, product storytelling, packaging, pricing, go-to-market) across retail, e-commerce, social and PR
- Act as the central point of coordination across brand, design, social, retail and e-commerce — building and managing project plans, launch calendars, trackers, briefs, approvals and delivery milestones that keep every activation on time and on brand
- Own end-to-end multi-channel campaigns across product launches, retail moments, exclusives and promotions in 50+ markets (GCC, MENA, Europe, USA, Africa) — coordinating brand communication to international retail partners so assets, messaging and product information land on time
- Build and scale influencer, UGC and gifting/seeding programmes from zero — sourcing, briefing and managing 25–50 creators per campaign plus PR mailers and product seeding across modern trade and quick-commerce — aligning influencer activity to wider brand objectives without owning talent management
- Partner with e-commerce to strengthen product storytelling, campaign visibility and the customer journey — running the brand's Shopify store end-to-end (catalogue, UX, collections, checkout) to lift conversion and average order value
- Coordinate external agencies, vendors and partners and resolve delivery issues quickly, while developing brand communications, launch decks and external-facing materials
- Compile post-campaign reporting and keep A&P budgets commercially responsible — and built an AI-powered automation system (Claude / generative AI) that turns planning, content, decks and reporting into repeatable playbooks, cutting manual workload ~40%
