PROFESSIONAL SUMMARY

Commercially minded brand & growth marketer with five years of marketing and commercial experience (since 2021), now leading Brand & Marketing across multiple brands and 50+ markets from Dubai. I develop and execute brand and marketing strategy end-to-end, design multi-channel campaigns engineered to drive profitable sales and qualified leads, and I own the AI side of modern marketing — I built an AI-powered marketing-automation system (Claude / generative AI) that turns market research, content, campaign planning, KPI reporting and pitch decks/landing pages into repeatable workflows, cutting manual workload ~40%. I work independently with minimal supervision, coordinate agencies, freelancers and vendors, manage several projects at once, and present plans and performance to leadership — I reported directly to the CEO at Alibaba's Miravia, where I grew 42 accounts +30% GMV QoQ. EU-market native (Spanish; career built in Madrid across Glovo, Miravia and Mondelez), fluent English (C1), based in Dubai. Business Administration graduate (CUNEF).
