PROFESSIONAL SUMMARY

Growth and performance marketer with 4+ years across E-Commerce, FMCG and Beauty who executes paid media hands-on across Middle East & Africa markets. At DoFreeze I plan, launch and optimise Meta Ads (Facebook & Instagram) and Google Ads across GCC, MENA, Asia, Europe and Africa (50+ countries) — campaign setup, QA, budget pacing, audience and bidding strategy, creative rotations and A/B testing, UTM/tracking hygiene and daily performance reporting against CAC, ROAS, conversion rate and CTR/CPC/CPM. Earlier, at Alibaba's Miravia, I analysed ROI, ROAS, conversion and retention across 42 accounts to optimise channel performance (+30% GMV QoQ). Detail-obsessed campaign operator, comfortable in spreadsheets, dashboards (Looker, Tableau, Power BI) and fast test-and-learn cycles, and an early adopter of generative AI (Claude/GPT) to scale campaign planning, creative and reporting. Business Administration graduate, fluent English (C1), based in Dubai on the MEA time zone.

Brand & Marketing Manager

Oct 2025 – Present

DoFreeze LLC · Global FMCG e-commerce distributor | Brands: Befit, Eurocake, Flair | 50+ countries (GCC, MENA, Africa, Asia, Europe, USA) · Dubai, UAE

- Run day-to-day campaign operations: audience targeting, bidding strategies, budgets, creative rotations, UTM/tracking parameters and naming conventions — monitoring delivery, creative fatigue, CAC, ROAS, CTR/CPC/CPM and conversion rate daily to catch pacing and tracking issues early
- Run structured test-and-learn across creative, audiences, offers, placements and landing pages, and coordinate performance-creative workflows with design and localisation — briefing, versioning, approvals and post-launch performance tracking across markets and languages
- Prepare recurring performance reports and insight summaries for stakeholders, and built AI-powered automation (Claude/GPT) that scales campaign planning, creative and KPI reporting — cutting manual workload ~40%
- Own the brand's Shopify store end-to-end (catalogue, UX, checkout), lifting conversion rate (CRO) and average order value, and integrated brands into UAE quick-commerce (Noon, Talabat, Careem, Deliveroo) — closing the loop from paid click to purchase
