Dear Hiring Manager,

Growing strategic e-retail accounts across priority markets — owning the budget plans and rolling forecasts, running assortment reviews with e-retailers and turning them into joint business plans that beat sales targets — is exactly the work I do today, so Perfetti Van Melle's E-Commerce Executive role for Growth Markets immediately drew me in. I currently lead Brand & E-Commerce for an FMCG portfolio across 50+ markets and built my career managing e-retail accounts on a top-5 marketplace, so the mandate reads like my day-to-day.

At DoFreeze I grow strategic e-retail and quick-commerce accounts across the UAE (Noon, Talabat, Careem, Deliveroo) — onboarding, listings, promotional mechanics and retail execution — while owning the annual A&P/budget plans and monthly rolling forecasts jointly with distributors and country teams, running quarterly assortment reviews to optimise the mix, and safeguarding SKU availability and service levels. I build customer/joint business plans with joint KPIs, optimise the customer digital journey and digital shelf for conversion, and act as the liaison between HQ, country managers and external partners — the exact cross-functional wiring this role runs on.

The foundation is directly relevant. At Alibaba's Miravia I managed and grew 42 e-retail key accounts, delivering +30% GMV quarter-on-quarter through pricing, assortment optimisation and targeted promotions, and owned the Flash Sales channel reporting to the CEO. Earlier, at Mondelez — a global confectionery leader — I ran sell-in/sell-out, rolling forecasts and promo-effectiveness analysis for the chocolate category, so Perfetti's confectionery world is familiar ground. I'm four-plus years in at manager level, and already based in Dubai I can bring that account-growth and forecasting discipline to your growth markets from day one.

I'd welcome the chance to discuss how my e-retail account growth, forecasting and quick-commerce experience would translate into Perfetti Van Melle's growth-market ambitions. Thank you for considering my application — I look forward to hearing from you.

Best regards,

Paula De Francisco Pérez
