

25 August 2026

Dear Hiring Manager,

Beiersdorf's belief that CARE CHANGES EVERYTHING is exactly the kind of brand equity — NIVEA, Eucerin, Labello — that earns its place on the modern-trade shelf, and I would relish the chance to own and grow it with Carrefour, Lulu and Spinneys. The Key Account Manager – Modern Trade role caught my attention because it asks for what I do every week: run strategic accounts and distributors in the UAE, build joint plans with a clear value exchange, and turn shopper and EPOS insight into flawless on-shelf execution.

Key account management is the spine of my career. At Alibaba's Miravia I owned 42 key accounts and grew GMV +30% QoQ — ahead of category — through joint business planning, assortment, pricing strategy and targeted promotions, negotiating commercial terms and reporting channel P&L to the CEO. Today, as Brand & Marketing Manager at DoFreeze, I orchestrate distributor execution and modern-trade plans across the UAE and 50+ markets — assortment, promo mechanics, availability and financial reconciliation — while owning demand forecasting with Supply Chain. My category grounding at Mondelez (sell-in/sell-out, Nielsen deep dives, promo effectiveness) means IMS, EPOS and Nielsen data are how I already build account actions, and SAP is part of my toolkit.

Two things set me apart. First, I am already in Dubai on a UAE residence visa and operating in UAE modern trade and quick-commerce (Noon, Talabat, Careem, Deliveroo) — an omnichannel account view from day one, available immediately with no relocation timeline. Second, I lead with value creation beyond price: category- and shopper-led growth, not just terms. I'll be candid that my direct tenure has been across e-commerce, beauty and FMCG accounts rather than a named grocery banner like Carrefour or Lulu specifically — but I already work inside UAE modern trade and distributor networks, I speak the language of JBP, 4P and forecast discipline, and I ramp fast.

I would be excited to bring this blend of key account ownership, distributor orchestration and data-led execution to Beiersdorf's modern-trade business in the UAE. I am available to start immediately and would welcome the chance to discuss how I would approach the annual JBP cycle and shelf-execution cadence with Carrefour, Lulu and Spinneys. Thank you for your consideration — I look forward to hearing from you.

Best regards,

Paula De Francisco Pérez
