PROFESSIONAL SUMMARY

Category, commercial and brand professional with 4+ years across FMCG, Beauty and E-Commerce — turning shopper, consumer and market data into category growth. I built my category-planning foundation at Mondelez (sell-in/sell-out, Nielsen, promotional effectiveness, planogram compliance and assortment-gap analysis for the chocolate category); at Alibaba's Miravia I owned the Beauty & Fragrances category across 42 accounts, growing GMV +30% QoQ through assortment, pricing, margin and a data-led promotional calendar; and at DoFreeze I run category, assortment, distributor negotiation, pricing and NPD end-to-end (6 launches) across 50+ markets. I work fluently with the 4P framework, NPD toolkits and trade sell-ins, Nielsen and EPOS/sell-out data, and bottom-up business cases — pragmatic, analytical and already based in Dubai on a UAE residence visa.

WORK EXPERIENCE

Brand & Marketing Manager

Oct 2025 – Present

DoFreeze LLC · Global FMCG distributor | Brands: Befit, Eurocake, Flair | 50+ countries · Dubai, UAE

- Own category development and assortment across the FMCG portfolio — building the range, 4P plans, pricing and a promotional menu by channel, and negotiating listings and terms with distributors and modern-trade partners to hit revenue and margin targets across 50+ markets
- Lead NPD end-to-end for 6 launches (brief, pricing, sell-in toolkit, go-to-market), localising toolkits and trade decks to local market/channel dynamics and building bottom-up business cases for each opportunity
- Translate shopper behaviour, consumer understanding and market trends into strategic direction and innovation proposals — analysing sell-out, competitors and category KPIs to steer assortment and close range gaps
- Drive retail execution and channel presence across modern trade and quick-commerce (Noon, Talabat, Careem, Deliveroo) — listings, availability and promo mechanics with a Perfect-Store-style approach to on-shelf and online presence
- Optimise pricing and promotions with a net-revenue mindset, using data to balance profitable, sustainable growth against volume
