PROFESSIONAL SUMMARY

Relationship-driven Key Account and partnership manager with 5+ years managing portfolios of key accounts, partners and creators across consumer internet, marketplaces and FMCG. My core is exactly this role: long-term partner relationship management, retention and revenue growth through tiered promotions, incentives and co-marketing, plus commercial negotiation, onboarding/due diligence and professional handling of disputes and escalations. At Alibaba's Miravia I managed a 42-account portfolio, growing GMV +30% QoQ, and I run creator/KOL and community programmes at DoFreeze. I monitor partner performance and ROI, flag anomalies and risks, and collaborate cross-functionally with marketing, product, operations and finance. Native Spanish speaker (a plus for LATAM/cross-cultural) with C1 English, a personal crypto user and investor who follows the Web3 and exchange ecosystem, self-driven and comfortable in remote, global teams. Already based in Dubai.
