Dear Hiring Manager,

Colgate-Palmolive's focus on digital-shelf excellence and content that converts across e-commerce retailers is exactly the work I do every day. As Brand & Marketing Manager at a Dubai-based FMCG distributor, I own digital-shelf execution across Noon, Talabat, Careem and Deliveroo, so stepping into multinational FMCG e-commerce would be a natural progression.

This role lives on conversion, the digital shelf and category growth — my core. At Alibaba's Miravia I grew 42 accounts +30% GMV QoQ on a top-5 platform, owning content, assortment and promotions to P&L targets while analysing conversion, traffic and ROAS. At DoFreeze I run the Shopify store end-to-end and full-funnel paid media, tracking spend and channel performance to ROI.

I bring the FMCG foundation Colgate values: category planning from Mondelez (sell-in/sell-out, promo effectiveness) plus hands-on UAE quick-commerce digital-shelf experience that is rare in the market. I'm data-led, build AI automation for content and reporting, already based in Dubai on a residence visa (no sponsorship needed), and bilingual in Spanish and English.

I'd welcome the chance to discuss how I can drive Colgate-Palmolive's digital-shelf and category growth across e-commerce retailers. I'm available to interview at your convenience and can start immediately. Thank you for your consideration.

Best regards,

Paula De Francisco Pérez
