Dear Hiring Manager,

Running an e-commerce operation end-to-end — catalogue, conversion, paid media and promotions — is exactly what I do at DoFreeze today, so Farzana Trading's E-Commerce Manager role caught my attention. I'd be glad to bring that hands-on online-retail experience to your business.

I own a Shopify store end-to-end, lifting conversion and average order value through data-led merchandising, and I run Meta and Google Ads to ROI and ROAS. At Alibaba's Miravia I grew 42 accounts +30% GMV QoQ on a top-5 marketplace, optimising conversion, traffic and retention — so I'm fluent across both own-store and marketplace e-commerce.

I'm also Google E-Commerce and Digital Marketing certified, fluent in UAE quick-commerce (Noon, Talabat, Careem, Deliveroo), and I build AI automation that scales content and reporting. I'm Dubai-based on a UAE residence visa and bilingual in Spanish and English.

I'd welcome a conversation about growing Farzana Trading's e-commerce revenue. I'm available to interview at your convenience and can start immediately. Thank you for your consideration.

Best regards,

Paula De Francisco Pérez
