Dear Hiring Manager,

Huda Beauty redefined what a beauty brand born in Dubai could become globally, and its purpose-led, community-first approach is precisely the kind of brand I want to help grow. With four years building beauty and fragrance brands across e-commerce and FMCG, supporting your Global Brand Marketing team would be a natural fit.

This role lives on 360 campaigns, launches and influencer activations — my day-to-day. At DoFreeze I lead NPD end-to-end for six launches and built an influencer programme from zero to 25–50 creators per campaign. At Miravia (Alibaba) I created the Beauty Club and Hot on Social projects and grew 42 beauty, fragrance and fashion accounts +30% GMV QoQ, giving me a sharp sense of what converts in beauty.

Beyond campaign execution, I bring e-commerce content and UAE quick-commerce fluency (Noon, Talabat, Careem, Deliveroo), a data-led approach to ROI and ROAS, and genuine passion for the category. I am already in Dubai on a UAE residence visa and work bilingually in Spanish and English — useful for a brand operating across global markets.

I would be thrilled to contribute to Huda Beauty's hero and sub-hero launches and global campaign calendar. I am available to interview whenever suits and can start without notice constraints. Thank you for considering my application.

Best regards,

Paula De Francisco Pérez
