Dear Hiring Manager,

Growing categories across both FMCG retail and e-commerce is precisely where my experience sits — from category planning at Mondelez to fragrance category expansion at Alibaba's Miravia. PlaceUp's dual offline-and-online focus is a strong match for how I work.

I build category and assortment plans, optimise pricing and promotions, and drive market share. At Miravia I led category expansion as PIC Fragrances, onboarding 30+ stores in two months and growing 42 accounts +30% GMV QoQ. At Mondelez I owned sell-in/sell-out analysis and promotional effectiveness for the chocolate category, and at DoFreeze I manage assortment and trade plans across 50+ markets.

I bring both sides PlaceUp needs: modern-trade and planogram fundamentals plus hands-on online marketplace and UAE quick-commerce experience (Noon, Talabat, Careem, Deliveroo). I am Dubai-based on a UAE residence visa, data-led on ROI and market share, and bilingual in Spanish and English.

I would welcome the opportunity to discuss how I can grow PlaceUp's categories across retail and e-commerce. I am available to interview at your convenience and can start immediately. Thank you for your consideration.

Best regards,

Paula De Francisco Pérez
