Dear Hiring Manager,

Fragrance is the category where I have spent the most rewarding part of my career — first as PIC Fragrances at Alibaba's Miravia, now leading NPD and brand for a multi-market FMCG portfolio at DoFreeze. SPACE's focus on building perfume brands across African markets is exactly the kind of challenge I want to take on.

This role lives on brand strategy, positioning and launches — my day-to-day. At Miravia I led fragrance category expansion as PIC Fragrances, onboarding 30+ stores in two months (including Arabian fragrances) and growing 42 accounts +30% GMV QoQ through pricing, assortment and promotions. At DoFreeze I lead NPD end-to-end for six launches across GCC, MENA, Asia, Europe, USA and Africa, managing A&P budgets to ROI.

Beyond strategy, I bring hands-on ATL/BTL, influencer and trade marketing execution — I built an influencer programme from zero to 25–50 creators per campaign — plus genuine fluency in fragrance trends and consumer insight. I am already based in Dubai on a UAE residence visa, work bilingually in Spanish and English, and am comfortable coordinating distributors and country managers across markets.

I would welcome the chance to discuss how my fragrance brand-building experience can drive SPACE's growth across African markets. I am available to interview at your convenience and can start immediately. Thank you for your consideration.

Best regards,

Paula De Francisco Pérez
