

19 June 2026

Dear Hiring Manager,

Talabat is the platform I work alongside from the brand side every week, so the chance to drive key restaurant partnerships from within is genuinely exciting. With 4+ years managing key accounts across quick-commerce and e-commerce — including at Glovo — I would bring an analytical, partner-first approach to your accounts.

Maximising account value through data is exactly how I work. At Alibaba's Miravia I owned 42 key accounts and grew GMV +30% QoQ through pricing, assortment and promotions, reporting to the CEO on the Flash Sales channel. At Glovo I managed strategic accounts (KFC, Taco Bell, Sushi Shop) and led cross-functional teams across marketing, logistics and operations to grow order volume.

I also bring the quick-commerce fluency this role rewards: at DoFreeze I integrate brands directly into Talabat, Noon, Careem and Deliveroo, so I understand both sides of the partnership. I am data-led on KPIs and dashboards, comfortable in Salesforce, already based in Dubai on a UAE residence visa, and bilingual in Spanish and English.

I would welcome the chance to discuss how I can grow and retain Talabat's key accounts. I am available to interview at your convenience and can start immediately. Thank you for considering my application.

Best regards,

Paula De Francisco Pérez
